President Asked, in Letter to Fordney, That Rate Be Set at 40 Per Cent.

**BOTH SIDES APPLAUD
RESULT OF BALLOTING**Ninety-Four Republicans
Swell Majority Vote to 201 Over 172 Against
Amendment.BY THE ASSOCIATED PRESS.
Washington, November 17.—Disregarding the expressed wish of President Harding, the house voted today 201 to 173 to accept the senate amendment to the tax revision bill fixing the maximum income surtax at 50 per cent on incomes of \$200,000 or more.

Ninety-four republicans, most of them from the middle and far west, joined with the practically solid democratic minority in supporting the amendment. Announcement of the result brought applause from both sides of the chamber, with some of the democrats breaking into cheers.

Three hours before the vote was taken, the house listened to the reading of a letter from President Harding to Chairman Fordney, of the ways and means committee, suggesting that the house and senate compromise. The president said that he believed the original house rate of 32 per cent was "nearer to a just levy and the more promising one in returns to the public treasury," but that in view of the legislative situation he thought it "wholly desirable" that there be a compromise at 40 per cent.

Among the majority members supporting the amendment were Chairman Campbell, of the rules committee; Representative Green, of Iowa, ranking republican on the ways and means committee, and Chairman Hagen, of the agriculture committee.

Roll Call.
The roll call follows:
For the senate amendment:
Republicans...

Anderson, Andrews, Nebraska; Anthony, Barbour, Beck, Begg, Benham, Brennan, Brooks, Illinois; Browne, Wisconsin; Burtress, Campbell, Kansas; Chalmers, Christopherson, Clague, Classon, Cole, Ohio; Colton, Cooper, Wisconsin; Crampston, Curry, Davis, Minnesota; Denison, Dickinson, Dowell, Evans, Faust, Foster, Fread, Fuller, Funk, Gensman, Graham, Illinois; Green, Iowa; Haughen, Hoch, Hull, James, Johnson, South Dakota; Kearns, Keller, Kelly, Pennsylvania; Ketcham, King, Kinkaid, Klocka, Kopper, Lampert, Lawrence, Lineberger, Little, McCormick, Malone, Moore, Ohio; Morgan, Murphy, A. P. Nelson, J. M. Nelson, Ogden, Patterson, Missouri; Ramseyer, Reavis, Rhodes, Ricketts, Robison, Schall, Scott, Tennessee; Shaw, Sinclair, Sennott, Speaks, Stafford, Steenerson, Strong, Summers, Summers, Washington; Sweet, Swing, Thompson, Tinker, Towner, Voigt, Volstead, Walters, Wheeler, White, Kansas; Williams, Williamson, Wood, Indiana; Yates, Young, Zihlman—94.

Democrats:

Almon, Aswell, Bankhead, Barkley, Black, Bland, Virginia; Blanton, Bowling, Box, Briggs, Brinson, Buchanan, Bulwinkle, Byrne, South Carolina; Byrnes, Tennessee; Cantrill, Carew, Clark, Florida; Cochran, Collier, Collins, Connally, Texas; Crisp, Young.

After Final Pleas Are
Made by Frank Hooper
and Solicitor Brand.**DEFENDANT PLANNING
TO CONTINUE BATTLE**If New Trial Should Be
Granted Him, It Will Be
Third in Case, the First
Ending in Mistrial.

Thad Pirkle, charged with running down and killing the two Quinn children on East Lake drive, was sentenced to one year in the penitentiary Thursday afternoon by Judge John B. Hutcheson following a verdict of guilty of manslaughter reached by the jury at 1:50 o'clock.

Immediately after sentence was pronounced, counsel for the defense moved for a new trial, which, if granted, will be his third. At his first trial several months ago a mistrial was declared after the jury had considered the case for 48 hours without reaching an agreement.

The case went to the jury Thursday at 11 o'clock, after Attorney Frank Hooper made the final argument for the defense and Solicitor-General A. M. Brand had closed for the prosecution. On Wednesday evening W. Paul Carpenter, leading attorney for Pirkle, spoke for his client, and Attorneys P. K. Burn and Bond Almand for the prosecution.

Pirkle's statement to the jury was practically the same as made at his first arraignment. He claimed that he was driving along East Lake drive at a moderate speed and met a truck running on the wrong side of the road, and that when he swerved around the truck he lost control of his car and struck little Madge and Mary Frances Quinn, who were crossing the street. The accident occurred on last New Year's eve.

Ed Campbell, driver of the truck, denied under oath that he was driving on the wrong side of the street when the accident occurred. He declared that he did not arrive on the scene until after the accident. L. F. Pirkle, a brother of the defendant, denied the negro's statement, and claimed that Campbell had admitted that he was running on the wrong side, but was forced to deny it to avoid a damage suit.

This legislation, which includes the pending Capper bill and amendments, which it is learned have been offered to the railroad refunding bill, striking directly at the financial rate-making power of the interstate commerce commission and at the control by that commission over intrastate rates that interfere with the interstate rate structure is regarded with grave alarm by the security owners.

These investment interests believe that this legislation would destroy confidence in railroad securities and would defeat the purposes of the transportation act, one of which was to make possible the financing of the railroads other than by the government.

army for service at Camp Benning within the past few days, are two Atlantans and a Decatur man, according to announcement Thursday from the local army recruiting station. Eleven of the 38 men were recruited at the local station.

The Atlanta men are Louis Walter McWilliams, of 194 South Delta place; Isaac R. Robert and J. L. DeWitt, William P. Wingate, who enlisted from Decatur, lives at Route 1, Peachtree.

Two Georgians, James W. Morton, of Athens, and Mrs. M. E. Judd, of Dalton, are on the reception committee for the main convention, which opens Monday and holds over Tuesday and Wednesday at the Auditorium.

Dr. S. R. Belk, of the Trinity M. E. church, will give the invocation Friday morning. The address of welcome will be presented by Mayor Key, and the response by James W. Morton, of Athens, who is a member of the American Farm Bureau federation executive committee. Governor T. W. Hardwick will follow with an address, and the first morning will be closed by an address by Dr. Andrew M. Soule, president of the State Agricultural college at Athens, on "The Crisis in Southern Agriculture and How to Meet It."

Executive Body to Meet.

The directors of the various state departments of information, who meet Friday morning at the Piedmont, extend the meeting to Saturday morning until Saturday evening. A meeting of the executive committee of the American Farm Bureau federation also will be held Saturday.

The farmers' fruit marketing committee of twenty-one, appointed by Mayor Key, to work out a national cooperative plan of marketing fruit, will get together for its first meeting Saturday. W. B. Hunter of Atlanta, president of the Georgia Fruit Growers' executive committee, will be on the committee to represent the industry in the state.

Other notable fruit growers on the south on the committee are B. F. Moonay, Cloverdale, Va., president of the Virginia Horticultural society; C. E. Stewart, Tampa, general manager of the Florida Citrus exchange, and Dr. O. E. Winberg, Silverhill, Ala., president of the Gulf Coast Citrus exchange.

program approved by the voters of the city in the bond election. The city planning commission will meet at the earliest opportunity to take up plans for building the Spring street viaduct. Zoda Smith, superintendent of the city waterworks, began work on plans for making improvements in that system as soon as he heard of the supreme court decision. Councilman Claude Buchanan, chairman of the sewer committee of council, and Claude Donaldson, engineer in charge of sewer construction, held a conference to discuss sewer improvements. School improvements, which will include the erection of several new school buildings, will be discussed at a meeting of the board of education to be held November 28.

Mayor Key Gratified.

Mayor Key issued a statement expressing gratification at the action of the supreme court. He said the bond money will be expended under recommendations first made by the bond commission, and stated he will ask the bond commission to hold a meeting as soon as possible. The mayor called attention to the good prices recently received for a small issue of city bonds and expressed confidence that the present issue will be sold easily at par. In his statement the mayor pointed out that the decision, although delayed, comes at an opportune time for the welfare of Atlanta, as employment will be provided for many more men.

In discussing the present condition of the securities due to the delay in establishing their validity, the mayor said:

"This bond issue is for \$88,500,000, \$100,000 of that is for schools, \$2,500,000 for waterworks, \$12,500,000 for sewers, and \$50,000 for Spring street viaduct. On account of the long delay, the first installments of these series of bonds will have to be canceled, because they will be due before we can effect a sale. But as to the school bonds, the issue is already provided to take the place of the issue that will have to be canceled. The other issues will be reduced in the amount of one-thirteenth of the total amounts, but I anticipate that on account of the reduction in the prices paid for the bonds, we will have a saving place since the estimates were made, although the future was discounted in that respect, that nevertheless the full amount of improvements estimated, under the bond issue, can be made within the funds available."

Passed Over Decision.

W. W. Gaines, president of the board of education, and Dr. C. P. Holtzendorff, chairman of the committee which conducted the campaign in behalf of the bonds, and Professor Willis A. Sutton, superintendent of schools, all expressed much gratification over the fact that the validity of the bond issue had been upheld by the supreme court.

In expressing the pleasure of the school department over the decision, Superintendent Sutton issued the following statement:

"It will be difficult to express how happy the school department is over the outcome of this hard fight. Not only the past superintendent, W. F. Dykes, and the entire school force worked with unceasing energy, but the entire city gave its help unstintingly in promoting this enterprise. The women of the city, and especially those of the Woman's Club and the Parent-Teachers' associations, helped us in winning this great fight. We feel that due appreciation should be given to the mayor and the city administration for inaugurating this movement and helping to carry it to a successful issue. The papers of Atlanta were largely instrumental in promoting this cause.

especially indebted to them and Frank Inman and Mrs. Samuel Lumpkin to their work in promoting the bond campaign. We are sure that the validating of these bonds will help us to get the bond issue passed at an early date and will give only relieve to the bond issue in the schools, but will insure to Atlanta a progressive city-wide program.

"The board of education and the school administration will use every effort to see that every penny of the bond issue is used to the best advantage for the schools of Atlanta."

No difficulty in Selling.

Chairman Inman, of the bond committee, said there would be little difficulty met in selling the bonds and predicted that Atlanta will now put on a constructive program unheard of before in the south.

Heads Up!

Good clothes give and beget confidence. They radiate importance and command esteem. They are the propaganda of popularity and prosperity, frequently aiding a man's progress by directing the attention of the Man Higher Up to the possibilities of the Man Lower Down.

But you can't keep your head up by using head-or-tail methods in selecting your clothes. Your attire should reflect the judgment you hope to use in more important affairs. You should wear Hickey-Freeman Clothes because of all the clothes you can buy, these will best express your individuality and most impress your associates.

Better than other good clothes, but not higher!

PEOPLE NOT BUSY, DECLARES MOORE

Savannah, Ga., November 17.—(Special.)—The annual address of the president of the Atlantic Deep Waterways association, J. Hampton Moore, mayor of Philadelphia, which was to have featured the opening session of the convention here Tuesday was the outstanding event day, Mr. Moore having been detained until Tuesday night by reason of Marshal Foch's visit to the Pennsylvania city.

Mr. Moore emphasized with unusual two main subjects—that the world must quit all activity relating to war and reduce expenses incurred by war and preparation for war. With this as the ideal condition, he pointed progress and prosperity.

"The trouble with the country today is that the people are not working—they are yet taking about war and appropriating for preparedness for war, he declared, "and industry is suffering for lack of needed development of natural resources which will yield wealth and means for still further development."

He alluded to the plans proposed at the convention, which suggested that the cost of our battleship would build an immense waterway canal that would serve for the commerce of the country.

Speaking of the localized activities of the association, Mr. Moore recalled that the cost of agricultural development has been for decades toward the Pacific, there is still available for agriculture nearly one half of the land east of the Appalachia chain and in easy reach of the ports and markets of the world.

"On these lands in touch with the Atlantic and Gulf, we believe we could settle in profitable agriculture all the veterans of the world who desire to dig out good livings from the soil."

Edwards Speaks.

Former Congressman C. G. Edwards of Georgia spoke of the Savannah harbor and port facilities, emphasizing the possibilities for greater volume of business than has been yet passing through that gateway of Georgia.

Pleaseas A. Stovall, former minister to Sweden, editor of the Savannah Press, also spoke of the part of Savannah with special reference to its possibilities of becoming the official state port.

Entertainment features included a boat trip about the harbor, inspection of the terminals and luncheons and social events on boat. Several addresses took up the night hour.

A great feature of the evening session was the address of Edward P. Albrecht, president of the Philadelphia "house," an organization which embraces the combination of many civic and commercial associations. He sounded his keynote in saying:

"I speak for administrative efficiency, for lighter burdens, for sound commercial practice, for sympathetic concern for all agricultural problems, for the omission of unnecessary interference of government with business and for an end to government experiments into business—for more efficient business in government administration."

More Efficiency.

These words he quoted from President Harding and applied them to commercial organizations in cities and to waterways improvement campaigns.

"In the public interest more business methods in government, less government management of business, was a phrase which caught attention. He discussed the Panama canal toll question and declared that while the canal was built and financed by the United States and the United States should have right to it as it demands, the tolls were necessary to bring its building about. The tolls cannot be treated as scraps of paper; he pleaded for assistance to enable United States vessels to operate foreign trade as cheaply as foreign vessels.

His brother, a student at Georgia Tech, has just been dismissed from Johns Hopkins hospital at Baltimore as the result of a football accident at Tech several months ago.

BARRETT RE-ELECTED FARMERS' UNION HEAD

Savannah, Ga., November 17.—(Special.)—The annual address of the president of the Atlantic Deep Waterways association, J. Hampton Moore, mayor of Philadelphia, which was to have featured the opening session of the convention here Tuesday was the outstanding event day, Mr. Moore having been detained until Tuesday night by reason of Marshal Foch's visit to the Pennsylvania city.

Mr. Moore emphasized with unusual

two main subjects—that the world must quit all activity relating to war and reduce expenses incurred by war and preparation for war. With this as the ideal condition, he pointed progress and prosperity.

Mr. Graham was notified of the accident and reached the farm home, where Mrs. Graham was carried, before death intervened. The woman, however, never regained consciousness.

Mrs. Graham was pinned beneath the car, the steering gear pressing against her chest. The injuries which produced death were internal. She and her sister were making the trip from Fitzgerald to Moultrie alone, and were within nine miles of this city when the car turned over.

The deceased leaves a husband and two young sons pupils in the Fitzgerald schools. The remains will be carried to Fitzgerald for interment.

On these lands in touch with the Atlantic and Gulf, we believe we could settle in profitable agriculture all the veterans of the world who desire to dig out good livings from the soil."

FARMER KILLED NEAR COLUMBUS.

Columbus, Ga., November 17.—(Special)—Charlie Cannon, a Lee county, Alabama, farmer, living at Salem, a few miles from Columbus, was killed by a Central of Georgia railway freight train this morning. Trainmen say that he was seated on a cross-tie, but that he was not seen by the engineer in time to stop the train. They think that he had been injured before he was placed on the track, or sat down there, as there were evidences of a struggle on the cross-tie. A pool of concealed blood was found near the cross-tie where he was seated.

Railroad officials are investigating but have been unable to learn the circumstances under which Cannon came to his death. The engineer, who was 30 years old and unmarried, the body was buried this afternoon.

He was carried to the Grady hospital for medical attention and later went home. Patrolman W. E. Chapman, who investigated the accident, did not make a case against the driver of the car, as the accident was of an unavoidable nature, it is claimed.

Columbus, Ga., November 17.—(Special)—Charlie Cannon, a Lee county, Alabama, farmer, living at Salem, a few miles from Columbus, was killed by a Central of Georgia railway freight train this morning. Trainmen say that he was seated on a cross-tie, but that he was not seen by the engineer in time to stop the train. They think that he had been injured before he was placed on the track, or sat down there, as there were evidences of a struggle on the cross-tie. A pool of concealed blood was found near the cross-tie where he was seated.

Railroad officials are investigating but have been unable to learn the circumstances under which Cannon came to his death. The engineer, who was 30 years old and unmarried, the body was buried this afternoon.

He was carried to the Grady hospital for medical attention and later went home. Patrolman W. E. Chapman, who investigated the accident, did not make a case against the driver of the car, as the accident was of an unavoidable nature, it is claimed.

IMPROVED ASPIRIN TABLET DOES NOT DEPRESS OR SICKEN

Pharmacist Puts Out Improved Aspirin Tablet Called Bromo-Aspirin That Retains All Aspirin Virtues, But Does Not Depress Heart or Upset Stomach.

Brings Quicker Relief Than Plain Aspirin in Colds, La-Gripe, Headaches, Neuralgia and Fever, and Much Safer, With No Bad After-Effects.

Physicians explain that severe colds, LaGripe, fevers, headaches, neuralgia and rheumatism are almost invariably attended by weakness of the heart and require stimulation rather than depression. They maintain that the safety of Bromo-Aspirin should give it preference over all other remedies for headaches, neuralgia, rheumatism, and especially for severe colds and LaGripe. Many persons whose lips become pale and blue and who are depressed and made sleepy by plain aspirin tablets are soon much better when fed and watch especially the absence of any of the bad after-effects you have been getting from plain aspirin. 25c buys a box of fifteen tablets at any good drug store.—(ad.)

REGENSTEIN'S

Scouts to Enter Famous Swamp Early Friday

BY LOYD A. WILHOIT,
Constitution Staff Correspondent.

Waycross, Ga., November 17.—One man was killed, twenty-five persons were injured, one of them probably fatally, this morning when two five-car elevated trains, loop-bound from the west side, were wrecked in a rear-end collision at the Crawford avenue station on the Oak Park line.

Three steel coaches were demolished and several victims pinned beneath the wreckage. Firemen with acetylene torches cut through the twisted metal to reach them.

Out of Fog.

The first train was leaving the Crawford avenue station when a speeding five-car, all-steel express, dashed out of the fog and crashed through the rear of the car ahead.

Two heavy steel cars were telescoped. Most of the seriously injured were in these coaches.

Three hundred passengers in other cars were thrown to the floors and showered with broken glass. Many suffered minor cuts and bruises, but were able to proceed on other trains after receiving first aid.

The more seriously injured were removed by firemen to a nearby restaurant, where napkins were used for emergency bandages while waiting the arrival of physicians and ambulances.

Guard Is Killed.

Patrick McGuire, a guard on the first train, was pinned under the wreckage for more than an hour, until firemen obtained torches and cut through the mass of twisted steel plates and beams. He died later.

William Griffin, who was riding on the platform, was severely injured when he fell and suffered a crushed leg and nose.

Officials of the elevated lines said after an investigation that the motorman of the express failed to see the first train because of the dense fog and mist.

Frank Doyle, 45, motorman of the express, was taken into custody by the police. He declared he had done everything possible to stop his train as soon as he saw the local ahead, but was unable to prevent the crash.

SIX KILLED IN AUTO CRASH.

Johnstown, Pa., November 17.—Six persons were killed here early this morning when the automobile in which they were riding crashed through the guard rails of the Woodville bridge spanning the Pennsylvania railroad cut and fell to the tracks 50 feet below, according to reports received by the office of Deputy Coroner R. R. Yost. The car overturned as it fell, pinning the passengers beneath it, killing some of them instantly, it was reported.

Details of the accident were meager, but an unofficial list of the dead included: Frank J. Jones, Alice Horner, John and Arthur McKinley, brothers; Edward Funk, John McGuire and Fred Stolle, Jr., all of Johnstown.

According to Deputy Coroner Yost's report, members of the party had been visiting at the home of Mrs. Helen Costlow near the place of the accident and were returning to their homes when the automobile got beyond control on a curve near the approach. When aid arrived, all the passengers were dead, the reports stated.

EXPRESS HEARING WILL BE ADJOURNED TODAY

"Mourning Dove" Case to Find Way To Highest Court

The hearing of litigation involving questions of express traffic routings instituted by the Southeastern Express company against the American Railroad, Inc., was adjourned Friday until a later date, it was announced Thursday afternoon when the hearing ended for the day with J. E. Skaggs, assistant general manager of the plaintiff company, on the stand.

It will be impossible to hear all testimony at the present, it was decided by Examiner Woodrow of the interstate commerce commission, who is presiding. He will reconvene the hearing at a later date.

Mr. Skaggs will resume the stand Friday morning and testify related to transportation conditions affecting the competitive lines which purports to show that the defendant company is handling express shipments by indirect routes and using transfer cars which result in delays to the traffic instead of dividing the business with the complainant at a point which would permit a more expeditious delivery of the shipments.

The trip from Macon was without unusual incidents and the party was in high spirits when it reached Waycross at 7 o'clock.

The rousing welcome given by the zenith city of Georgia's wiregrass section, was the feature of the evening. A brass band and Waycross scouts en masse turned out to honor the visitors.

Supper was served the entire party at a local hotel. V. L. Stanton, president of the Okefenokee council of Boy Scouts, officially welcomed the visiting scouts. Waycross, assuring them of the city's desire to see that they have a pleasant and profitable outing in the swamp.

Mr. Stanton, who is widely known in scouting circles of the state, is a brother of Frank L. Stanton, the Georgia boy scout.

A meeting followed in the Waycross scout auditorium, at which Marvin Spicer, Waycross scout, was given the rank of eagle scout. Plans for the trip were discussed in detail by speakers of the Okefenokee expedition. It is understood that when the scouts enter the swamp Friday they will be treated to a bear barbecue, two large bears having been killed Wednesday and made ready for the visitors.

Delta Theta Phi Frat Senate Formed Here; Officers Are Elected

For organization of an Atlanta alumni senate by the 25 alumni members

of the Wayne state of the Delta Theta Phi Fraternity, a charter

has been granted by the supreme sen-

ate of the fraternity, in Cleveland,

Ohio. A permanent organization was

effected, and officers chosen at a

meeting Monday evening.

The Wayne was organized at the Atlanta Law school in 1914, with nine charter members. There are now 25 members practicing law in Atlanta. A clubroom has recently been opened in the Gould building for the alumni senate. The convention of the fraternity will be held in Chicago December 29-31.

The seniors of Atlanta will be repre-

sented at this convention by Paul J.

Wayne, a national officer, who also

conducted the installation of officers

at the meeting Monday evening, and

Mark Anthony, tribune of the active

senate, in the law school.

Other officers of the Atlanta senate are:

Dean, Robert G. W. Ramspeck, Decatur, Ga.; vice dean, J. E. McDaniel, as-

sistant professor of English at Georgia Tech; clerk of the rolls, Plym Convalescent Sanitarium, Homestead, Fla.; treasurer of the group, Fred Thompson, of the Georgia Railway and Pow-

er company; clerk of the exchequer, Horace Sandiford, with Crenshaw and Lindsay, lawyers; bailiff, Stacy Darlington, of D. P. Darlington, printers. The office of tribune will be held later.

Staffs Are Named To Represent U. S. At German Posts

Washington, November 17.—Complete diplomatic and consular staffs to represent the United States in Germany were named today by the state department. Ellis Loring Dresel, American commissioner at Berlin,

whose nomination to be chargé d'affaires was sent to the senate yesterday by President Harding, has been instructed to request from the German government provisional recognition as chargé d'affaires ad interim, pending arrival of his letters of credence.

As soon as Mr. Dresel has been formally received as chargé d'affaires ad interim, consular officers will proceed at once to their posts, it was announced.

The list of consuls include Alfred

W. Donegan, Mobile, Ala., at Königsberg, and Eugene C. Reed, of Daytona, Fla., at Stettin.

World's series baseball games were reported to fans sick in the Roosevelt hospital, New York city, in a novel manner. A code was devised to signal the reports by means of the bell system used to summon doctors and nurses.—Popular Mechanics Magazine.

Every woman in Atlanta
is cordially invited to
our showing of

HartSchaffner&Marx Women's coats on a live model

Today and Saturday

YOU might call it a "new departure" for us to sell coats for women; this has always been a store for men.

But it isn't a "departure;" it's an "arrival;" as soon as Hart Schaffner & Marx decided to make coats for women we decided that we wanted to sell them. We believe women will appreciate the fine fabrics, the high-grade tailoring, and the very smart style which the name of these makers assures. We know they will appreciate the prices at which such qualities can be had.

MISS LOUISE LA KIRBY The Girl in Knickers

We are pleased to announce that we have induced Miss Louise La Kirby, of New York, who is spending a few days in Atlanta, to act as model for our Hart Schaffner & Marx knicker suits and coats for women. You probably saw Miss La Kirby's pictures in her attractive knicker suit in The Sunday American and Tuesday's Journal.

Miss La Kirby will be in our windows and store today and Saturday, and every woman in Atlanta is urged to call and meet this charming visitor.

TO ENLARGE CANNING PLANT AT GRIFFIN

Unable to Fill Orders for Pi-
mentos, Company Making
Improvements.

Griffin, Ga., November 17.—The Pomona Products company will begin work at once on a fifty thousand dollar canning plant in Griffin. This will be in addition to the large plant that company is already operating in this city.

The new plant will have a capacity

of caring for three thousand acres of peppers, while the plant already in operation can handle two thousand acres of peppers. At the minimum price of one hundred dollars per acre, the Pomona company is preparing to guarantee to the farmers of Spalding and surrounding counties a half million dollars for next year.

During the season that has just closed, this company took care of every pound of its peppers, and those grown in this county and these farmers who sold their land in peppers instead of in cotton were greatly benefited by the change.

The Pomona company has not been able to fill all of the orders received for its pimento, and for this reason has decided to build the additional plant. This was the first plant in the United States to raise and can pimento and it has made a great success out of it. The soil and climatic

conditions of this section of Georgia are suited to the culture of the pepper.

During next year it is likely that there will be more acreage in peppers than in cotton in this county.

Was Biggest Issue.

This vote settled the biggest issue

between the two houses on the tax

revision bill and the managers

from the two houses will resume their

sessions tomorrow with the hope of

reaching an agreement on the bill by

Saturday night. If this hope is rea-

lized, the measure probably will be

sent to the president before the end

of next week.

The intervention of the president

in the tax revision fight—the sec-

ond since the ways and means com-

mittee began drafting the measure

three and a half months ago—follow-

ed a visit to the White House early

in the afternoon of Representative

Wynona, the republican leader in the

house. The president then sum-

moned Chairman Fordney and Repre-

sentative Longworth, of Ohio, of the

ways and means committee and his

expressed views on the surtax.

They were supplemented by a letter

to Mr. Fordney.

President Criticized.

During the three hours' debate in

the house, which was scheduled un-

der a special rule, the president was

attacked for writing Mr. Fordney.

Representative Frear, republican,

Wisconsin, said the president's in-

tervention was "unfair and unjust," and that he

should have known his views

to the senate when the 50 per cent

rate was under consideration there.

Representative Garner, democrat,

Texas, declared if the president had

known his stand he should have done

so in person or in a message to the

house rather than in a letter to a

member of the body. Representative

Sinnott, republican, Oregon, declared

that he "grieved because the presi-

dent had given bad advice on this

subject."

Supporting the president's stand,

Representative Mondell, and other re-

publican spokesmen, said the republican

party had promised to reduce taxes

and that the 50 per cent rate

should not be approved by the house.

Text of Letter.

The letter written by President

Harding to Chairman Fordney was

as follows:

"My dear Mr. Fordney:

In response to your inquiry as to the

wisest course in dealing with the dif-

ference between the two houses of

congress in the matter of higher sur-

tax on incomes, I can say only that

in view of our earlier agreement on

taxes and their ultimate adop-

tion of the higher surtax rate of

32 per cent, I still believe the rate

approved by the house to be the near-

er to a just levy and the more prom-

ising one in returns to the public

treasury."

"The responsible administration is

anxious, first of all, to lay the necessary

taxes to meet the demands of the treasury.

There is a moral obligation, howev-

er, to do everything possible to keep

it out of federal control, I authorized

the directors of the railway com-

pany to invite the co-

operation of the war department

in process of making. During the pe-

riod of public belief in a 32 per cent

surcharge as provided by the house,

the gross of these bills receivable was pro-

gressed in a very promising way. In

fact, we had converted more than

\$100,000,000 of railway notes into

higher cash. The very moment the

higher surtax became a likely levy

these conversions ceased entirely.

"Manifestly, the prohibitive surtax

was a serious hindrance to the growth

of the economy. The records show

that it is making a continued diminu-

tion in our receipts from income taxes

and it is making more difficult the

normal financing of even so es-

They were supplemented by a letter to Mr. Fordney.

President Criticised.

During the three hours' debate in the house, which was scheduled under a special rule, the president was attacked for writing Mr. Fordney, Representative Frear, republican, Wisconsin, said the president's intervention was "unfair and unjust" and that he should have made known his views to the senate when the 50 per cent rate was under consideration there.

Representative Garner, democrat, Texas, declared if the president had to do anything he should have done so in person or in a message to the house rather than in a letter to a member of the body. Representative Sinnott, republican, Oregon, declared that he "grieved because the president had been given bad advice on this subject."

Supporting the president's stand, Representative Mondell, and other republican spokesmen, said the republican party had promised to reduce taxes and that the 50 per cent rate should not be approved by the house.

Text of Letter.

The letter written by President Harding to Chairman Fordney was as follows:

"My dear Mr. Fordney: In response to your inquiry as to the wisest course in dealing with the difference between the two houses of congress in the matter of higher surtax on incomes, I can say only that in view of our earlier agreement on tax matters and the ultimate adoption of the higher surtax rate of 32 per cent, I still believe the rate approved by the house to be the nearer to a just levy and the more promising one in returns to the public treasury."

"The responsible administration is anxious, first of all, to lay the necessary taxes to meet the demands of the treasury. There is a moral obligation, however, in the party in power to do everything possible to keep

faith with promises made to the public."

Restricts Capital.

"We have been collecting the highest surtax on incomes levied at this time in all the world. The effect has been the restriction of the easy flow of capital in the channels most essential to our normal and very necessary activities. No one challenges the levy of the higher tax in the stress of war, but now we are struggling for the re-adjustments of peace."

"Where there is so wide a difference in the judgment of the two houses, I have thought it might be possible, and wholly desirable, to reach an equitable compromise, and make a moderate tax levy of 40 per cent. This would put the higher federal tax on income at a total of 48 per cent, which would measurably meet the expectations of those who are, above all else, concerned with the return of hopeful investments of capital, and the application of our savings to the maintenance of reasonable productivity. I am wholly confident that the helpful results spreading therefrom to every active participant in our industrial and economic life, from management to every wage earner, would be vastly more advantageous to our people than the maintenance of wartime levies as peace-time penalties on capital which are certain to hamper the restoration of our activities for which we all so much hope."

Gives Illustration.

"One experience will afford a convincing illustration. In seeking to hasten the railway settlements, grow-

ing out of federal control, I authorized the director general to invite the cooperation of the war finance corporation to convert salable securities into the cash needed for the settlement in process of making. During the period of public belief in a 32 per cent surtax as provided by the house, the sale of these securities was progressing in a most promising way. Indeed, we had converted more than \$100,000,000 of railway notes into ready cash. The very moment the higher surtax became a likely levy, these conversions ceased entirely."

"Merely, the prohibitive tax tends to divert capital and much-needed capital from employment in our every day activities to investments in tax-free securities. The records show that it is making a continued diminution in our receipts from income taxes."

and it is making more difficult the compromise between the rates adopted by either house will be the best possible solution of the situation and an early decision will put an end to existing anxiety, even though the larger expectations of the country are not fully met."

"I am well convinced that a fair

Pleasant Dreams or Nightmare?

Psychologists tell us that our mental state is responsible for our dreams.

True—but our physical well being also enters largely into it.

In either case, or we will say in both, **Pajamas** are of real importance.

Every man has some color preference, felt or expressed. Clothed for slumber in a chosen shade of blue, pink, lavender, bisque, grey or white, one is at once placed in a conscious or sub-conscious state tending to mental rest. Add to this the important item of physical comfort, and much is attained toward complete rest of mind and body.

There can be no comfortable sleep with buttons off, or yawning rents where cold air chills with every move.

Attain comfort then in these sturdily built garments of strong material, buttons well sewed—in the color of your choice.

Here Is Sleeping Comfort For Men! In Well-Made Pajamas At \$1.59

It Is Scarcely Likely That You Have Ever
Seen Such Good Pajamas at So Low a Price

Made of sturdy domestic, cut generously full, strongly sewn, and by the same patterns used for our most expensive pajamas—up to \$35.00 a suit.

Soft finish without starch or filling—ready for wear.

Matinee Party For Mrs. McAshan.

Mrs. M. C. Hardin will give a matinee party at the Atlanta theater next Wednesday afternoon in compliment to Mrs. J. E. McAshan, of Houston, Texas, the guest of her sister, Mrs. Frances S. Whiteside, and Mrs. Dudley Golding, of Wichita Falls, Texas, who is visiting her parents, Mr. and Mrs. Charles Rice.

Woman's Golf Tournament Postponed.

The ladies' golf tournament at the Ansley Park Golf club that was to have been played tomorrow has been postponed, and play will begin Tuesday, November 22. The following dates will be the days of play: Tuesday, November 22; Friday, November 25; Tuesday, November 29; Friday, December 2, and Tuesday, December 6.

Song Recital At Cable Hall.

On Tuesday evening the Lulu Clark King vocal school presented its first recital at Cable hall, four young talented voices including Rose Cefalu, sonorina; Forti, soprano; Virgina Martin, mezzo-soprano, and Bertha Simms Kimmel, contralto.

These young ladies reflected the artistic training of their teacher by rendering the most difficult operas in French and Italian, and also English songs with the finesse of real artists.

Their trio and quartet work specially delighted the audience. Mrs. Ruby Jane Stinson, pupil of the vocal school of Mrs. King, was the accompanist. Her work showed excellent technique, interpretation and warmth of tone color.

Mrs. Holleyman Gives Bridge-Tea.

Mrs. William C. Holleyman entertained at a bridge-tea at her home on Moreland avenue Thursday afternoon.

The decorations used were yellow and white chrysanthemums. The prizes were a bridge set and a French novitiate.

Mrs. Love to Give Bridge
For Houston Visitor.

Mrs. Charles Love will give a bridge-tea at her home on West Eleventh street, Tuesday next, in compliment to Mrs. J. E. McAshan, of Houston, Texas, who is visiting her sister, Mrs. Frances S. Whiteside, and to Mrs. Dudley Golding, of Wichita Falls, Texas, the guest of her parents, Mr. and Mrs. Charles Rice.

The guest list will number twenty-five.

Theater Party For Miss Lockett.

Miss Edwina Lockett, of Winston-Salem, the guest of Miss Louise Hallman, was complimented with a theater party Wednesday afternoon, after which the guests were entertained at tea. The guests included Miss Lockett, Miss Hallman, Mrs. Edward Lewis, Mrs. Albert Barnett, Miss Wildine Perry and Mrs. Henry.

Women's Meetings

The Friday Morning Reading club will meet with Mrs. Linton Hopkins at her home on East Fifteenth street.

Mrs. Thomas Morgan will give a luncheon for Miss Mary Clarke Colen, a bride-elect.

Mrs. A. P. Cain will give a bridge-tea for her daughter, Mrs. Edwin King, of Kansas City, Mo.

Mrs. Oscar F. Elder will give a bridge-tea at the Atlanta Woman's club for Mrs. Clarence Coppedee, of Jacksonville, Fla.

Teas at the Atlanta Woman's club.

This morning at 10:30 o'clock, the Woman's auxiliary to the Georgia Baptist hospital will meet at the hospital. All members are invited to be present, as matters of great importance will be considered.

This afternoon at 3 o'clock the Atlanta League of Women Voters will hold a district meeting at the home of Mrs. Alfred Bailey, 35 Poplar circle.

The Woman's auxiliary of St. Luke's Episcopal church will hold the regular monthly meeting this afternoon at 3 o'clock at the rectory, 76 Piedmont avenue, Mrs. J. P. Billups, president.

Edgewood school Christmas bazaar in school building at 3 o'clock.

The Moreland Avenue Parent-Teacher association will meet this afternoon at 3 o'clock at the rectory, 76 Piedmont avenue, Mrs. J. P. Billups, president.

George Adair School Parent-Teacher association will entertain fathers at 7:30 o'clock this evening.

Callaway—Gantt.

Athens, Ga., November 17. (Special)—T. Larry Gantt, well-known Georgia newspaper man, who is at present feature writer for the Athens Banner-Herald, and Miss Willie Calaway, also of Athens, were quietly married at the study of Dr. J. C. Wilkerson, pastor of the First Baptist church of Athens, Wednesday at high noon.

Only a few intimate friends and the immediate families attended the wedding.

Mrs. Ernest Ottley will give a luncheon today for Mrs. Howard Perry, of Providence, R. I., and Mrs. Frank Cochran, of Albany, Ga., who are the guests of Mrs. L. C. McKinney.

There will be a sunshine candy pulling given at St. Luke's church this afternoon at 3 o'clock.

Mrs. A. P. Treadwell will entertain at 3 o'clock at the Woman's club this afternoon at 4 o'clock, her guests to be the chairman of Red Cross call-booths, who represented the Atlanta Woman's club.

The Hemphill Parent-Teacher association will give an old-fashioned spelling bee this evening at 7:30 o'clock at the schoolhouse.

Dance for the college set at Segado's.

Dance at Garber hall this evening.

For Miss Farran.

Mrs. Irene George and Mrs. R. H. Rasbury were hostesses at a luncheon given yesterday evening in honor of Miss Irene Farran, a bride-elect.

The house was beautifully decorated with palms, white and yellow chrysanthemums, and the lights were shaded in yellow.

A heart contest was played, and Miss Belle LeRoy won the prize, which was a pink satin pin cushion with a cupid on it. Another prize was won by Mrs. Russell Brown, which was a handkerchief.

Mrs. J. M. Campbell, of Russell Brown assisted in entertaining.

Those present were Miss Irene Farran, Miss Catherine Farran, Miss Irene George, Miss Katherine Roberts, Miss Mary Lavinia, Miss Nell George, Miss Agnes George, Miss Belle LeRoy, Mrs. H. H. Rasbury, Mrs. J. M. George, Mrs. S. B. Beatty, Mrs. Mame Hensley, Mrs. Russell Brown, Mrs. O. R. Muse, Mrs. Morrison, Mrs. Bledsoe, Mrs. J. C. Rasbury.

The regular community picture for All Saints' church will be given at Eggleston hall at 3:30 o'clock this afternoon.

The Lee Street school will give a chicken supper and moving picture entertainment at the school this evening.

Change in Program At Howard.

The Atlanta better films committee has arranged a new program for the children's Saturday morning program at the Howard theater.

Instead of Treasure Island, as was previously announced, "Little Women" will be shown, and "Treasure Island" will be shown a few weeks later.

This is the second of a series of programs arranged in the interest of the proper entertainment for Atlanta children.

Over four hundred attended the last performance, and it is anticipated that a larger number will be present for "Little Women."

The doors open at 9:30 o'clock and the program begins at 10 o'clock Saturday morning.

The full program follows:

1. "Little Women."
2. Charlie Chaplin in "The Champion."
3. One-reel comedy.
4. Burton Holmes Travelogue 1236.

The Frank E. Block company will give boxes of candy to each child attending the performance.

Board Meeting of Georgia League of Women Voters.

Mrs. Haynes McFadden, president of the Georgia League of Women Voters, has called an important meeting of the state executive board, to meet in Atlanta, Saturday, November 19, at 10 o'clock, at the chamber of commerce.

Mrs. Maud Wood Park, the national president of the League of Women Voters, will visit Georgia January 5, and the executive board will be asked to plan the Georgia state convention to convene at the same time as her visit.

Many important matters will be discussed at the meeting Saturday, and the following have been urged to attend:

Mrs. Emily C. McDonald, Atlanta, and Mrs. S. B. C. McFadden, Savannah, honorary presidents; Mrs. Haynes McFadden, Atlanta, president; Miss Annie G. Wright, Augusta, first vice president; Mrs. Paschal N. Strong, Savannah, second vice president; Mrs. Martha Goodman, Atlanta, secretary; Miss Elizabeth Rainey, Atlanta, treasurer; Miss Dora Freeman, Greenville, auditor; Miss Stella Akin, Savannah; Mrs. Rogers Winter, Atlanta; Mrs. W. R. Leake, Savannah; Mrs. Robert Jones, Albany; Mrs. Mike Powell, Newnan; Miss Davis, Columbus; Mrs. S. B. C. McFadden, Macon; Mrs. A. B. S. Mosley, Rome; Mrs. J. H. Dovney, Gainesville; Miss Julia Fisch, Augusta; Mrs. W. H. DuBois, Washington; Mrs. Z. L. Fitzpatrick, Milledgeville; Mrs. J. H. Gills, Atlanta; Mrs. W. W. DeRome, Savannah; Miss Laura Smith, Atlanta; Mrs. Frank D. McIntire, Savannah; Mrs. Nanie B. Riley, Rome; Mrs. Rhodes Brown, Columbus, and Miss Roberta Hodges, Athens.

New Era Club.

The New Era Club met with Mrs. George H. Phillips November 10. At the business meeting a delicious luncheon was served. Mrs. A. A. Brasswell, president of the program for the afternoon, gave a brief talk on "Women in Club Work During the Past 25 Years." Response to the talk call brought out many interesting quotations regarding the "Women of Yesterday."

Mrs. C. F. Dowd read a wonderful paper on "Women in the Home." Mrs. Phillips delighted with several songs. The guests of honor were Dr. Elizabeth Broad and Mrs. Pattillo, both of whom added interest to the program with talks and music.

Physical Culture Dancing Class.

The physical culture dancing class for ladies meets at Craigie house on Mondays at 12 o'clock and on Thursdays mornings at 10 o'clock. The class has 18 members of Atlanta's most prominent families, who are conducted by Arthur Murray of the Georgian Terrace. Miss Nellie Clair McDuffie assists at the piano.

THE CONSTITUTION, ATLANTA, GA., FRIDAY, NOVEMBER 18, 1921.

Atlanta Chapter

U. D. C. Meets In

Regular Session

of a fireproof library building, for Conventions, records, etc. in Richmond, Va., and an extension of the already magnificent educational work that is being done by the general division of the U. D. C.

Mrs. Perdue's report was accepted with enthusiasm, especially when she reported that she had given to the general convention from Atlanta chapter, an oil painting of President Jefferson Davis, now unveiled at Birmingham, Ala., next year, when the convention meets in that city. So enthusiastic was the response to this graphic report of the general U. D. C. convention held last week in St. Louis, Mo., in Mrs. Perdue's report, she paid high tribute to three Georgia women who are foremost in U. D. C. work, Miss Alice Baxter, of Atlanta, retiring vice president-general; Mrs. Frank Harrold, of Birmingham, newly elected vice president-general, and Miss Mildred Rutherford, of Athens, state historian, general Georgia division.

Miss C. C. Love introduced Mrs. Harriet Conklin, who sang delightfully two numbers, "My Garden," by Lillian Hughes, and "The Heart of Her," by Cadman.

Business Session.

Preceding the convention report, an

business session was held. Officers reporting were Mrs. W. C. King, Mrs. Richard Moore, Mrs. L. Y. Sage, Mrs. John A. Mangel, and Mrs. Bun Wyllie, chairman of the executive committee.

Two new members were added to the roster, Mrs. J. H. Ewing and Mrs. Richard M. Clayton.

Mrs. Mangel, registrar, also announced that the certificates of Mrs. Susan McCreary Adams and Mrs. Ethel Woodward King were ready for distribution.

Mrs. W. B. Price-Smith reported

that Mrs. Ricardo Martin would appear in concert for the U. D. C. the latter part of January.

Mrs. David Winburn, chairman, reported that the Soldiers' Home committee will give a great party at the home on Tuesday afternoon at 3 o'clock, when the 107 veterans in the home would be given a lovely entertainment, with refreshments.

Future Work Accepted.

Mrs. Livingston Rose Schuyler, of New York, president general, has accepted for the work of her two years

administration the remodeling of the chapel at Washington and Lee university, built by General Lee; the completion of the Jefferson Davis monument at Fairview, Ky.; the building

desired that all Atlanta women eligible to vote be correctly registered for the city, state and county elections.

Mrs. Rambo reported on the Red

Cross roll call and gave very satis-

factory reports of the booths conduct-

ed by the league.

Mrs. Haynes McFadden, president

of the Georgia League of Women

Voters, gave a short talk concerning

the board meeting of the state organi-

zation on Saturday next. At the close

of her talk she introduced Mrs. A. B.

S. Mosley, of Rome, chairman

of the district, the home of Mrs.

Mrs. Mosley gave a most interest-

ing history of the Rome league and

spoke most encouragingly of the future

of the district.

These weekly luncheons are held in

the small dining room of the

club, and are a great interest to all who attend.

All women interested in good gov-

ernment are welcome.

Rev. Williams To Give Lecture.

Rev. Marvin Williams will give a

lecture, "The Capers of Cupid," this

evening at 8 o'clock, at St. John's

Methodist church. The public is

cordially invited.

Senior Class of Club de Vingt.

The senior class of the Club de

Vingt will meet next week at Craigie

house on Tuesday instead of Monday,

Society

Miss Harbin to Play in Atlanta.

Mrs. Harbin will chaperon them to Atlanta. William Harbin won the prize for violin playing at the Junior State Federation contest two years ago.

Mrs. William Harbin is a brilliant musician and studied in Europe for several years.

Movie at Eggleston Hall.

The regular community motion picture for All Saints' church will be given in Eggleston Memorial hall at 7:30 o'clock tonight.

The feature for the occasion will be "Chase Ray in 'String Beans'." A full attendance is urged. Georgia Tech and rehabilitation students are especially invited.

Supper and Movie At Lee St. School.

The Lee Street School Parent-Teacher Association under the direction of Mrs. L. C. Campbell, chairman, and Mrs. Mary Williams, assistant, and her assistants, will give a chicken supper at the school this evening.

All who attended the supper last year are cordially invited to come and bring a friend.

At the supper, there will be the usual Friday night picture show, "The Bluebird," will be shown at this performance.

DOCTORS SAY CALOTABS ARE BEST FOR COLDS

According to the world's greatest physicians and medical experts, Calotabs is the best medicine for clearing up a cold overnight or clearing out an attack of sore throat, influenza, deep-seated cough or la grippe. Now that science has purified calotabs of all nausea and dangerous qualities, the new kind of calotab tablet called "calotabs" is even more popular than the old.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your diet, work or pleasures. Next morning you will be feeling good again. Calotabs are sold only in original sealed packages; price ten cents for a small package; thirty-five cents for a large family package. Your druggist recommends and guarantees Calotabs and will refund the price if you are not delighted with them. (adv.)

CALL BELLE ISLE TAXICABS

DO NOT NEGLECT THAT HACKING COUGH

The aggravating little cough that keeps you restless at night is simply a forewarning and an indication that you have the most destructive foëe at work in your bronchial tubes, and if neglected will steadily increase until it will affect your health.

NOW, GET TO WORK!

The supreme court having val-

dated Atlanta's \$8,500,000 bond

issue, the last obstacle is re-

moved from the prompt materiali-

zation of the vast benefits to

come from the bonding proposal.

It means the beginning of a new

era for Atlanta, for it is the big-

gest and most significant forward

step in municipal development

ever taken by this city.

We are particularly gratified

at the decision for the first sug-

gestion that Atlanta resort to the

bonding method of financing per-

manent municipal improvements,

the first suggestion leading up to

this particular bond issue, was

made by The Constitution.

For months The Constitution

stressed the importance of voting

a great, comprehensive municipal

bond issue as the only practical,

feasible and effective means of

meeting the requirements of a

great, over-grown municipality

like Atlanta.

That specific campaign was but

the crystallization of a general

campaign of education and agita-

tion in behalf of the bonding

method of community development,

which we have consistently

waged, in season and out of sea-

son, for years.

Atlanta, a great, throbbing,

growing city, fairly bursting at

the belt with undeveloped re-

sources and possibilities, had been

hampered and held back in its de-

velopment by trying to operate on

an archaic, inadequate, miserly

basis of financing.

We stood consistently and ag-

gressively for adoption of the

bonding principle to meet the re-

quirements of this situation and

for its application on a big scale.

We have fought for that, single-

handed and alone at first, grad-

ually gaining support.

Every possible effort was made

to divert public sentiment from the

course into which we were en-

deavoring, by argument and per-

suasion, to lead it; and in the

final stages of our campaign this

effort progressed even to the extent

of open criticism of The Constitu-

tion's position in open council by

the leaders of the opposition.

They said it couldn't possibly be

done.

We knew it could be!

It has been done!

The Constitution knew all along

that if the people could only be

brought to an appreciation of

what a great municipal bond issue

would mean to Atlanta such a pro-

posal would carry at the ballot-

box—as this one finally did by as

nearly a unanimous vote as that

by which any measure was ever

ratified in the history of the city.

All that was needed was to let the

people know and to make

them realize how easy would be

the process of providing needed

permanent public improvements,

with payment to be equitably dis-

tributed among those enjoying the

benefits of them, of this and fu-

ture generations.

The decision of the supreme

court means that \$8,500,000 will

be spent in permanent improver-

ments, the money to be adminis-

tered under the direction of a

bond commission designated for that specific purpose, and to be wisely and judiciously administered, as the personnel of the bond commission assures.

The money is to be spent in the construction of a new viaduct connecting the north and south sides of the city via Spring street, in new school buildings, and in waterworks and sewer extensions.

It means the releasing of \$5,500,000 for construction work that will give employment to large numbers of men who are now or would otherwise be out of a job.

Eight million, five hundred thousand dollars is a large amount of money; but its expenditure could come at no time when it would be more opportune or when it would be more urgently needed in helping toward the solution of the acute problem of bridging over the current period of depression and business readjustment.

Now that the bond issue has been validated, the thing to do is to hurry to the utmost the process of putting the money to work!

LET FORD HAVE THEM.

Henry Ford's latest proposal to the government is in many respects the best he has made.

It is that when the government, in concert with the other powers, gets ready to put the Hughes naval reduction plan into effect let him have its surplus and condemned fighting craft at junk prices. He says he would be glad to buy as junk all naval craft now belonging to all of the nations owning navies, so that after the deal is made there would be not even a remnant of a navy in the world.

He makes it plain that it is not battleships, destroyers, cruisers, submarines, subchasers, torpedo boats, etc., he wants; but that he wants the metal of which they are made.

He wants to destroy the ships, but save the metal, the principle embodied in his proposal being exactly as that which prompted Thomas Paine to plead with the French revolutionary convention to "destroy the king, but save the men."

From time immemorial it has been the custom of nations to bury discarded naval craft in the sea. Of recent years the usual procedure has been to take the obsolete or wornout ships to practice grounds and use them for targets. Millions upon millions of dollars' worth of valuable steel and iron have been sent to the bottom of the ocean in that way—totally destroyed simply as a means of getting rid of it in the form of useless naval tonnage.

Mr. Ford says very truthfully that to sink valuable metal, and to destroy it in that way, is nothing short of criminal.

He cites the recent wholesale sinking of the captured German naval craft, saying "it is a crime to sink metal which they have

done."

Every year he spends many millions of dollars for iron ore and millions more converting it into steel and iron to use in the manufacture of automobiles and tractors.

If the world powers will let him buy their unwanted naval craft, he says, he will cut them to pieces and work them over into things that are useful to mankind—such as tractors and motor cars.

In other words, he would translate into literal fact the principle expressed in the Biblical prophecy: "They shall beat their swords into plowshares and their spears into pruning hooks."

This proposal by Mr. Ford is well worth considering.

If there is any scrapping of naval ships to be done, let it be scrapping of the craft rather than total destruction of the valuable materials of which they are made.

T. Y. SIMMONS.

The editor of The Houston Post, acknowledging an invitation to a possum dinner, says: "We believe the Lord intended the negroes to have all the possums, and shall not infringe their God-given rights."

The Philadelphia Record does not regret the fact that a German scientist gets the Nobel prize for 1920, since it was not for making mustard gas, or any other lethal agent.

They've been speeding up Mar-

shal Foch, but it seems that the

colleges are determined that he'll get there by degrees.

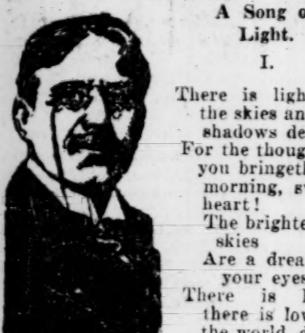

Perhaps that weak Madeira wine won't give Charles Haplessburg the "rattling of the brain."

They don't call it "drug store beer" in this vicinity, and they never have that opportunity.

For all of its troubles and trials, it's a world of many Thanksgiving days.

Just From Georgia

BY FRANK L. STANTON

A Song of Light.

I.

There is light in the skies and the shadows depart.

For the thought of you bringeth the morning, sweet heart!

The brightest of the skies.

Are a dream in your eyes—

There is light, there is love in the world, dear!

II.

There is light, and no longer in darkness I stray;

You have kissed all the gloom—all the shadows have away;

And I say, I am I.

"Winter blooms like the Spring—

There is light, there is love in the world, dear!"

III.

There is love in the garden where roses will throng;

And the sight that is solemn will melt in the song—

Skin stars, dear, above you.

Sing sweet, that you are love—

There is light, there is love in the world, dear!

IV.

Home-Town Philosophy.

The humorist of the Greensboro Herald-Journal hands out these—

"More horse sense and less 'bull.'

"Probably the reason that there is no rest for the wicked is because they are on the go all the time."

"Stop bellyaching, plow, fast, and

get ready to raise something for man and beast next year."

We Should Have Known.

I.

We should have known the wintry days would come.

When the chill snow and sleet would strike the music of the song birds dumb.

In every red retreat.

We should have known Spring's stars would cease to gleam—

That Love's a spring dream!

V.

We should have known that where the lilies throng.

The blight would fall at last;

That looking to the future dim and long.

We perish in the past;

This the life-cry, through dreary years and lone;

And lone; hereof—

\$1.25 GAS RATE ASKED BY ATLANTA

Georgia Railway and Power Company Contends That Commission Should Order Increase to \$1.85.

The Georgia Railway and Power company asked the state railroad commission to increase its gas rate in Atlanta from \$1.05 to \$1.85. Now and then public feuds City Attorney James L. Mayson contended that a rate of \$1.25 a thousand feet is ample to meet the company's requirement in briefs filed by the gas company and the city before the commission on Nov. 10.

The gas company told the commission that gas rates in Atlanta are now much lower than in numerous other southern cities and insisted that its rate be increased to \$1.85.

City Attorney Mayson, on the other hand, insisted that the manufacturing and overhead costs have been greatly reduced in recent months and that a rate of \$1.25 a thousand is amply adequate to meet the company's needs.

Briefs were filed by attorneys representing the company and by City Attorney Mayson representing Mayor Key under an agreement reached at the hearing of the gas rate case at which both sides were given fifteen days to file written briefs with the commission. Attorneys representing the company were Ross, Sutton, Phillips and Hopkins; Colquitt, Conyers; Spalding, McDonald & Sibley; Charles T. and John L. Hopkins and Attorney J. Prince Webster.

Supplement Arguments. The briefs supplemental oral arguments which were submitted to the commission at the hearing on Nov. 10, and which lasted through November 2. The commission now has the matter of revision of the gas rates in Atlanta under advisement.

In his brief, City Attorney Mayson contended that the valuation of the properties of the gas company fixed by experts was too great. He said the gas company was granted permission to increase its rate from \$1.45 to \$1.90 because overhead charges and costs of materials were greater at that time than now. He claimed that the present rate of \$1.65 fixed by the commission last spring is too high in view of changed conditions. Mr. Mayson cited numerous county authorities to support his contention.

Attorneys for the gas company, in their brief, called attention to the gas rates charged in other southern cities. They claimed that the rate in many southern cities is \$2.50 a thousand cubic feet and that only in comparatively few cities is the rate as low as in Atlanta. They claim that the commission should not discriminate in favor of Atlanta as against fifty other municipalities in Georgia served by the company.

Discrimination Charged. The duty rests on the commission to determine whether the property served by the combined property of the company is discriminated against or made to bear an undue proportion of the burden or prohibited from receiving its due share of the development because of any advantage allowed to other parts of the territory, the attorneys contend.

The claim is made that the company from 1917 to 1920, inclusive, failed by \$3,500,000 to earn 8 per cent on a fair value of the properties and that more than \$1,000,000 of this loss was in the gas department.

In regard to the future development of the properties of Georgia into the north and south Georgia synod, it is a reminder to some of the older Presbyterians here that Thomaston and this section once belonged to the Synod of South Georgia and Florida, the change in the Synod of Georgia having been made about four years ago.

The reason for this synod is said to have been the few churches in Florida, then the state having been comparatively little populated at least with Presbyterians, and it was only after Presbyterians was more widely introduced into that state that it was considered strong enough to have a synod of its own.

Changes Made.

With the formation of the Florida synod of counties of south Georgia united with the Synod of Georgia where has been ever since and where many desire to remain.

Among the 80 ministers attending the synod have been Dr. Orton Flynn, Rev. R. F. Lacy and Dr. J. E. Hemphill, of Atlanta; Dr. Neal L. Anderson, Dr. A. F. Carr and Dr. A. L. Patterson, of Savannah; Dr. E. Douglas, Rev. W. H. Chapman, Macon; Dr. J. R. Sevier, Augusta; Dr. W. M. McRae, of Macon; Dr. R. A. Holderby, College Park; Rev. Homer McMillan of the Home Mission committee; Rev. J. H. Patton, Marietta, and Rev. J. G. Patton, Dublin; Dr. J. S. Sibley, Waycross; Rev. S. Thomas, Bainbridge; Rev. J. E. Ward, Bainbridge; Rev. T. G. Waits, Milledgeville; Dr. D. W. Brannan, Moultrie; Rev. T. R. Currie, Columbus; Rev. J. B. Feickler, Covington; Rev. LeRoy Henderson, Albany; Rev. W. Cartledge, Athens; Dr. W. M. Moore, of Atlanta; Rev. J. W. Stokes, state clerk; Rev. J. M. Stafford, Griffin; Rev. L. R. Scott, Valdosta; Dr. E. P. Mickel, whose expositions of the international lessons have been enjoyed for so long and who is now preaching at Boston and Pavo.

Centenarian Dies.

Chattanooga, Tenn., November 17. (By Constitution Leased Wire).—A resolution of the Walton County, Georgia, grand jury approving the armament conference and urging prayer through the conference for its success, was presented to the county today by Senator William J. Harris. W. E. Camp was foreman and E. M. Wayne and B. A. Cox clerks of the grand jury.

BOARD WOULD AID SOUTH ATLANTIC SEA CORPORATION

BY JAMES A. HOLLOWOM.
Constitution Bureau.
Raleigh Hotel.

Washington, November 17. (By Constitution Leased Wire).—The United States shipping board has under favorable consideration as a temporary measure to help the South Atlantic Marine Corporation from the five southeastern ports, a co-operative plan with one of the north Atlantic companies operating shipping board vessels in this trade to stop at south Atlantic ports for cargo secured by the south Atlantic company. Such an arrangement would furnish regular sailing from the southeastern ports to South America. The corporation operates in Savannah, Brunswick, Jacksonville, Charleston and Wilmington, and these ports will be materially affected by the ruling of the board, which has been practically agreed upon.

The shipping board is not operating any ships in the Cuban and Far East trade except under time charter, but it is learned that the officials of the shipping board are in touch with north Atlantic companies operating ships under charter in that trade with a view of securing a co-operative arrangement for the south Atlantic company.

Briefs were filed by attorneys representing the company and by City Attorney Mayson representing Mayor Key under an agreement reached at the hearing of the gas rate case at which both sides were given fifteen days to file written briefs with the commission. Attorneys representing the company were Ross, Sutton, Phillips and Hopkins; Colquitt, Conyers; Spalding, McDonald & Sibley; Charles T. and John L. Hopkins and Attorney J. Prince Webster.

Supplement Arguments. The briefs supplemental oral arguments which were submitted to the commission at the hearing on Nov. 10, and which lasted through November 2. The commission now has the matter of revision of the gas rates in Atlanta under advisement.

In his brief, City Attorney Mayson contended that the valuation of the properties of the gas company fixed by experts was too great. He said the gas company was granted permission to increase its rate from \$1.45 to \$1.90 because overhead charges and costs of materials were greater at that time than now. He claimed that the present rate of \$1.65 fixed by the commission last spring is too high in view of changed conditions. Mr. Mayson cited numerous county authorities to support his contention.

Attorneys for the gas company, in their brief, called attention to the gas rates charged in other southern cities. They claimed that the rate in many southern cities is \$2.50 a thousand cubic feet and that only in comparatively few cities is the rate as low as in Atlanta. They claim that the commission should not discriminate in favor of Atlanta as against fifty other municipalities in Georgia served by the company.

Discrimination Charged. The duty rests on the commission to determine whether the property served by the combined property of the company is discriminated against or made to bear an undue proportion of the burden or prohibited from receiving its due share of the development because of any advantage allowed to other parts of the territory, the attorneys contend.

The claim is made that the company from 1917 to 1920, inclusive, failed by \$3,500,000 to earn 8 per cent on a fair value of the properties and that more than \$1,000,000 of this loss was in the gas department.

In regard to the future development of the properties of Georgia into the north and south Georgia synod, it is a reminder to some of the older Presbyterians here that Thomaston and this section once belonged to the Synod of South Georgia and Florida, the change in the Synod of Georgia having been made about four years ago.

The reason for this synod is said to have been the few churches in Florida, then the state having been comparatively little populated at least with Presbyterians, and it was only after Presbyterians was more widely introduced into that state that it was considered strong enough to have a synod of its own.

Atlanta Introduced.

Two new members of the synod today were Rev. Ross Lynn, president of Thornwell orphanage, and Mr. Hall, of Atlanta, of the interracial committee.

The other two of the division of the synod referred to the hills and overtures' committee and will be put before the presbyteries, but there is no chance of its carrying, it is stated. Synod adjourned tonight after a busy day, with an intercession of the automobile ride. The feature of the synod's session was the address of Dr. Neal Anderson, of Savannah, on "Christian Endeavor" and talks by others on the work of the young people of the church.

The introduction of the movement to divide the Synod of Georgia into the north and south Georgia synod is a reminder to some of the older Presbyterians here that Thomaston and this section once belonged to the Synod of South Georgia and Florida, the change in the Synod of Georgia having been made about four years ago.

The reason for this synod is said to have been the few churches in Florida, then the state having been comparatively little populated at least with Presbyterians, and it was only after Presbyterians was more widely introduced into that state that it was considered strong enough to have a synod of its own.

Changes Made.

With the formation of the Florida synod of counties of south Georgia united with the Synod of Georgia where has been ever since and where many desire to remain.

Among the 80 ministers attending the synod have been Dr. Orton Flynn, Rev. R. F. Lacy and Dr. J. E. Hemphill, of Atlanta; Dr. Neal L. Anderson, Dr. A. F. Carr and Dr. A. L. Patterson, of Savannah; Dr. E. Douglas, Rev. W. H. Chapman, Macon; Dr. J. R. Sevier, Augusta; Dr. W. M. McRae, of Macon; Dr. R. A. Holderby, College Park; Rev. Homer McMillan of the Home Mission committee; Rev. J. H. Patton, Marietta, and Rev. J. G. Patton, Dublin; Dr. J. S. Sibley, Waycross; Rev. S. Thomas, Bainbridge; Rev. J. E. Ward, Bainbridge; Rev. T. G. Waits, Milledgeville; Dr. D. W. Brannan, Moultrie; Rev. T. R. Currie, Columbus; Rev. J. B. Feickler, Covington; Rev. LeRoy Henderson, Albany; Rev. W. Cartledge, Athens; Dr. W. M. Moore, of Atlanta; Rev. J. W. Stokes, state clerk; Rev. J. M. Stafford, Griffin; Rev. L. R. Scott, Valdosta; Dr. E. P. Mickel, whose expositions of the international lessons have been enjoyed for so long and who is now preaching at Boston and Pavo.

The Constitution's Weekly Novel

BY DOUGLAS GRANT.

Next Week,
"Captain Jonah's Fortune," by James A. Cooper, Starting Sunday.

(Continued From Yesterday.)

Jane slept again, awakening only when Persis laid her hand upon her forehead.

"Mr. Hoyt is here, dear. If you don't feel like seeing him just now—"

The dazed look was swept like magic from Jane's eyes and she sat up in bed so suddenly that she all but bumped her friend's head.

A few minutes later a young man with a bandaged head and battered countenance appeared diffidently in the doorway.

"Mrs. Cheever said that you wanted to see me, Miss Gildersleeve," he said formally. "I did not wish to intrude."

"Don't be good-natured, call me Miss Gildersleeve" in that horribly

"I am glad, Barney Hoyt, although it means losing my little sister. You'll be extended to her, know."

He extended his hand and Kissane grasped it.

"I shall work for her and love her all the rest of two lives, Mr. Gildersleeve!" he announced solemnly.

Persis stood impulsively and kiss-

and finally rested on Oliphant Gilder-

sheve. "Jane has promised to become my wife," he said simply.

There was a moment of stunned silence, and then Persis burst out:

"I am glad, Barney Hoyt, although it means losing my little sister. You'll be extended to her, know."

He extended his hand and Kissane grasped it.
